Omron 7 Series™ Upper Arm Blood Pressure Monitor—Model BP760

You can track your blood pressure comfortably and accurately with the Omron 7 Series Upper Arm Blood Pressure Monitor. Your cost is \$59.99. That's a savings of \$30 off the current retail price of \$89.99. You will pay a \$5 shipping and handling charge per monitor.

Product features

The 7 Series Upper Arm Blood Pressure Monitor is:

- **Easy to use**—one-touch, automatic operation
- **Comfortable**—fits arm sizes from 9 inches to 17 inches A wrap indicator tests to see that the cuff is wrapped correctly on your arm so it's comfortable and gives you accurate readings.
- **Useful**—this monitor
 - Detects an irregular heartbeat while measuring your blood pressure.
 - Displays the average of up to three readings taken within the last 10 minutes.
 - Shows how your reading compared with guidelines for normal blood pressure levels.
 - Includes an AC adapter that plugs into your wall so it's ready to use whenever you are.

Omron 3 Series™ Wrist Blood Pressure Monitor—Model BP629

It's lightweight, portable, convenient and simple, allowing users the benefit of being able to check their blood pressure on the go.

Your cost is \$39.99. That's a savings of \$20 off the current retail price of \$59.99. You will pay a \$5 shipping and handling charge per monitor.

Product features

The 3 Series Wrist Blood Pressure Monitor

- **Simple and portable design**—discreet and convenient portable wrist unit allows users to monitor their blood pressure at home, work or anywhere.
- **Advanced averaging**—exclusive technology automatically displays the average of up to the last three readings taken within the last 10 minutes.
- **60 memory storage**—60 memory storage capacity with date and time stamp allows you to review the last 60 readings with a touch of a button.
- **Irregular heartbeat detector**—this monitor can detect irregular heartbeats while blood pressure is being measured. If an irregular heartbeat is detected, an indicator icon will appear alerting you so you can talk to your doctor.

This monitor includes the main unit, storage case, 2 AAA batteries, instruction manual and quick start guide.

Omron Body Composition Monitor and scale with five fitness indicators—Model HBF-510W

This Body Composition Monitor and scale provides full-body sensing—a comprehensive understanding of your body composition to help you reach your fitness goals. Easy to use, the HBF-510W measures five fitness indicators: body fat, visceral fat, body mass index (BMI), skeletal muscle and body weight.

Your cost is \$48.99. That's a savings of \$31 off the current retail price of \$79.99. You will pay a \$5 shipping and handling charge per monitor.

Product features
